EDUCATION:

Psy.D. Clinical Psychology, Baylor University, 1978.
Georgia Mental Health Institute, Atlanta, GA internship 1977-78.
Post-graduate Study in Psychology, Baylor University, 1973-74.
B.S. Administration and Management Science, Carnegie-Mellon University, 1970.

PROFESSIONAL EXPERIENCE:

Solo Practitioner, 11/1987 - Present
North Perimeter Psychological Center, 01/1987 – 10/1987
Atlanta Area Child Guidance Clinic, 09/1979 - 01/1987

Title: Clinical Psychologist

Provide family, marital and individual psychotherapy on a range of issues with a specialty in the clinical applications of hypnosis. Also provide psychological and academic (LD/ADHD) evaluations. Other subspecialties include evaluation and treatment of children and adults with ADHD or a history of sexual abuse (PTSD, DDNOS, DID/MPD). Provide training and consultation regarding hypnosis, dissociative disorders, and MMPI-2 interpretation. In the legal area, perform evaluations regarding child sexual abuse and dissociative disorders. Clients range in age from pre-school to 80's. Major orientations include cognitive/behavioral, family/systems theories, transpersonal and Ericksonian psychotherapy. Offer public speaking to community groups with an emphasis on improving communication skills. Over the years have been active with Hospice Atlanta, Fulton County Foster Care Review Project, Mental Health Association, Health Systems Agency, and the media. Produced a weekly mental health segment of a radio program which aired on WKLS (96 Rock) during one two year period. At the State Association level, served on committees that drafted supervision guidelines and child custody evaluation guidelines. Principal investigator in a three year statewide research project in the mid 1990's developing regional outpatient psychotherapy and child custody norms for the MMPI-2. Began writing in 1996 and have since published two books and more than two dozen articles in several journals and magazines in the US, England and Australia.

Georgia School of Professional Psychology, 1999 Spring semester

Title: Adjunct Faculty

Taught two sections of Personality Assessment I during the 1998-1999 academic year.

Rappahannock-Rapidan Community Mental Health Center Culpeper, VA, 09/1978 - 09/1979

Title: Coordinator, Special Programs for Children and Adolescents

Provided interface between a five county rural community and five mental health clinics to integrate delivery of services to children and adolescents. Functions included program and case-oriented consultation activities with clinic staffs and other agencies, psychotherapy with children and families, community based prevention/education groups, group therapy in school settings, supervision of practicum students, diagnostic evaluations, and emergency coverage. Instrumental in drafting Center's policies/procedures and improving organizational structure. Served on HSA Task Force on Mental Health Needs for Children, and an area Task Force on Juvenile Delinquency Prevention. Developed Mental Health Speaker's Bureau. Wrote for mental health column in area newspapers.
